

## LEFT HANDLEBAR CONTROLS

### Headlight Dimmer Switch

Push the dimmer switch to  $\text{H}\text{I}$  (HI) to select high beam or to  $\text{L}\text{O}$  (LO) to select low beam.

### Passing Light Control Switch

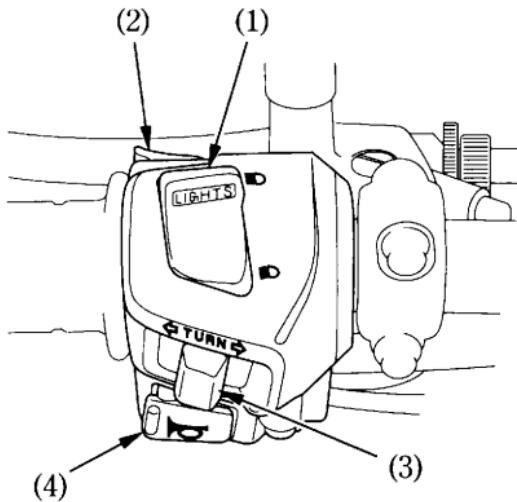

When this switch is pressed, the headlight flashes on to signal approaching cars or when passing.

### Turn Signal Switch

Move to  $\leftarrow$  (L) to signal a left turn,  $\rightarrow$  (R) to signal a right turn. Press to turn signal off.

### Horn Button

Press the button to sound the horn.

- (1) Headlight dimmer switch
- (2) Passing light control switch
- (3) Turn signal switch
